

# Annual Catalogue

MAY 2025–APRIL 2026

## Why Do You Create?

*For us, paper crafting is about creating something meaningful and memorable for the important people in our lives!*

It might be a handmade card with a heartfelt message to celebrate something special, or a Thinking of You card for someone on a particularly happy or hard day. It could be taking time to create fun favours for a party or a stunning piece of home decor—or capturing life's moments with beautiful scrapbook pages that become lasting keepsakes. Taking time to make something for the people you love is a special reminder of how much you care.

Your creativity is a gift you can share, whether you're crafting for a family member, a friend, a neighbour—or yourself! We hope as you look through this catalogue, you'll find many products made with your needs in mind—to help create stronger connections and rewarding experiences with the people around you. After all, why we create and who we create for are just as important as what we create.

Enjoy!

# Ask a Stampin' Up! Artist

Have you ever wondered what a tool does or how to use an accessory?  
We've asked our in-house artists some of your most common crafting queries!

## Q: CAN I USE A HAIR DRYER FOR EMBOSSING?

A: Please don't. Hair dryers are nowhere near hot enough for that. Try our Heat Tool instead. It has two heat settings—low for drying ink and high for heat-setting embossing powder!

**HEAT TOOL • 129053 | \$44.00**  
2 heat settings.

## Q: WHAT IS THE TAKE YOUR PICK™ TOOL?

A: It's a precision picker-upper! More specifically, it's a multipurpose tool with a sticky putty tip that helps pick up and place sequins, paper accents, and other small objects. The other end has three changeable tips with even more uses.

### 1. TAKE YOUR PICK 144107 | \$16.50

1 multipurpose crafting tool.

### 2. TAKE YOUR PICK CRAFTER TIPS 161602 | \$29.00

3 specialty tips: hobby blade, pick tip, rotary perforating tip.

### 3. TAKE YOUR PICK PUTTY REFILL 150006 | \$7.00

2 replacement putty tips.

### 4. TAKE YOUR PICK DIE BRUSH TIP • 149655 | \$18.00

1 brush head and 2 foam pads.

## Q: IS THE DIE BRUSH TIP NECESSARY?

A: Not if you have the time (and the patience) to weed out your die cuts by hand. Otherwise, the die brush tip helps cut down weeding time.

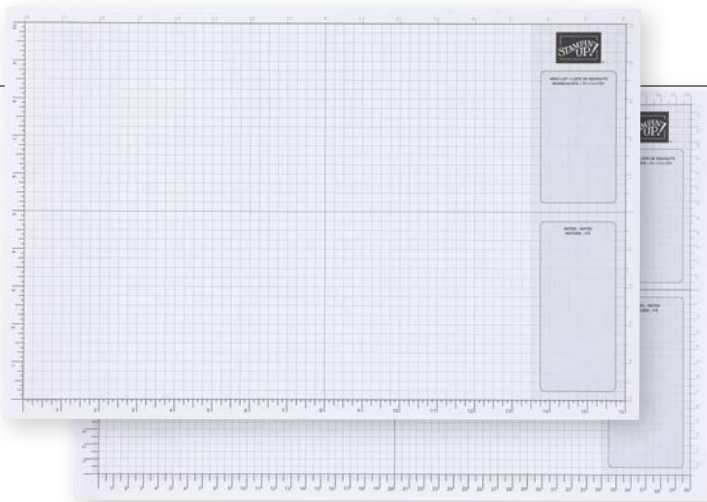

## Q: WHAT ARE SOME WAYS TO USE A BONE FOLDER?

A: Scoring, making super crisp folds, and curling paper die cuts and ribbon.

**BONE FOLDER  
102300 | \$11.00**

*Leave the heavy weeding for the garden! This tip makes light work of weeding detailed die-cut pieces.*

**Q: IS GRID PAPER AS ESSENTIAL AS PEOPLE SAY?**

A: We think so! It protects your work surface from glue and ink stains, can be used as scrap paper, has a built-in ruler and grid for a handy placement guide, and so much more.

**GRID PAPER • 130148 | \$18.00**

100 sheets. 11" x 17" (28 x 43 cm).

**Q: WHAT'S THE FUSS ABOUT PAPER SNIPS SCISSORS?**

A: The fussy cutting! The pointed tip and sharp edges make fussy cutting a breeze. They're small, precise, and come with a protective cover for safe travel—a true crafting staple!

**PAPER SNIPS SCISSORS  
103579 | \$16.50**

Scissor blades: 2-1/2" (6.4 cm).

**Q: ISN'T MASKING PAPER USED FOR PAINTING HOUSES?**

A: While that type of masking paper exists, ours is for creative crafting! You can use Masking Paper to make stencils, build layered scenes, create a mask for detailed stamp designs, and more.

**STAMPIN' UP! MASKING PAPER  
155480 | \$9.75**

12 sheets. 5" x 7" (12.7 x 17.8 cm).

**Q: I'VE ALREADY GOT THE PAPER SNIPS SCISSORS—DO I NEED A PAPER TRIMMER, TOO?**

A: Absolutely! The Paper Trimmer and Paper Snips Scissors complement each other—one shouldn't replace the other. Paper Snips can be used on materials like ribbon while the Paper Trimmer is for paper only. The straight-edge guides and ruler makes precision cutting and scoring a piece of cake.

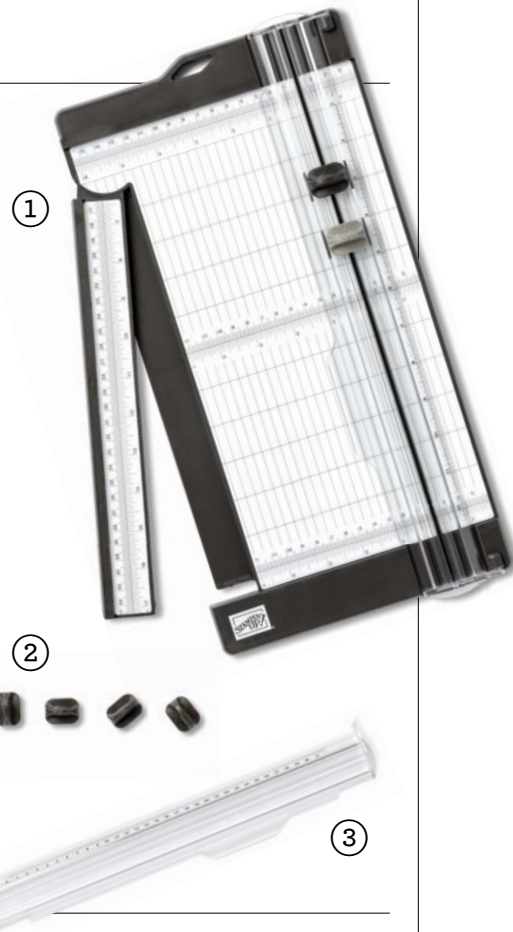

**1. PAPER TRIMMER  
152392 | \$39.00**

**2. CUTTING BLADES MULTIPACK  
152391 | \$18.00**

4 cutting blades.

**3. PAPER TRIMMER METRIC BLADE GUIDE 154980 | \$6.25**

Swap out the imperial blade guide to craft in metric measurements.

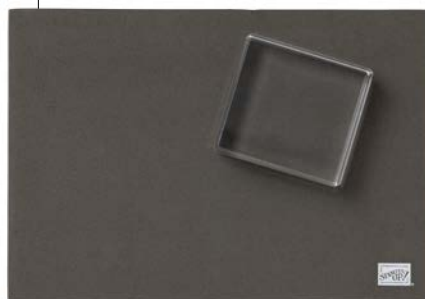

**Q: WHY DO I NEED A STAMPIN' PIERCE MAT?**

A: Do you mean, "Why would I need two Stampin' Pierce Mats?" Because they serve two great purposes. One is to protect your work surface as you pierce paper with the Take Your Pick tool, and the other is to provide the perfect surface to get even pressure and ink coverage when stamping!

**STAMPIN' PIERCE MAT  
126199 | \$7.00**

6-1/2" x 9-1/2" (16.5 x 24.1 cm).

# Quick. Portable. Full of Possibilities.

You know you can punch a single image,  
but what else can you do with punches?

## Repeat, Repeat, Repeat

Punch again and again to build  
a background or border.

## Go Long

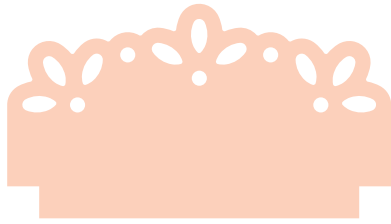

Or short. Punch each  
end of the cardstock  
separately to create an  
image the size you want.

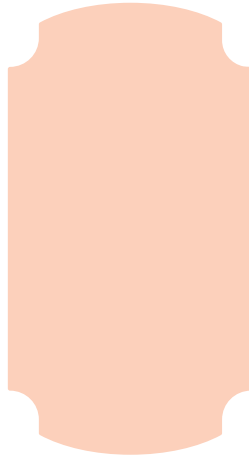

## Accentuate the Negative

Use the leftover paper as a  
frame or peek-through piece.

# Customize & Personalize with Dies

Personalize your project with accents you make with letters, shapes, and fun techniques.

## Try a Dip-Dye Look

Add eye-catching colour and a dip-dye look to your letters with ink, water, and Water Painters.

## Stencil It

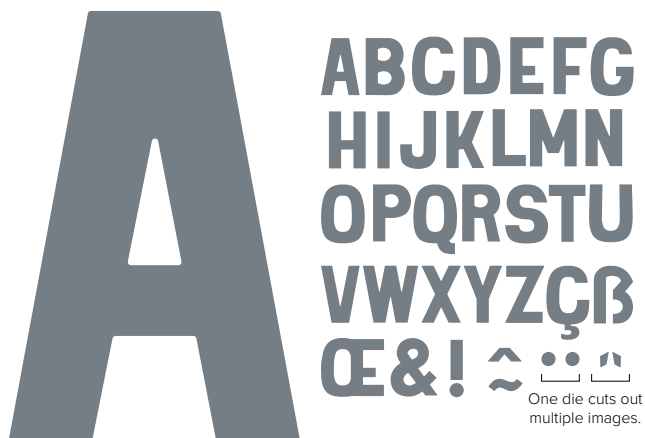

The negative space left by a die cut makes a great stencil—just place it on your project and add colour.

## Go Glam

Add Metallic Textures Rub-Ons (p. 124) to the cardstock, then cut out the letters for glimmery glamour.

# Fun with Blocks

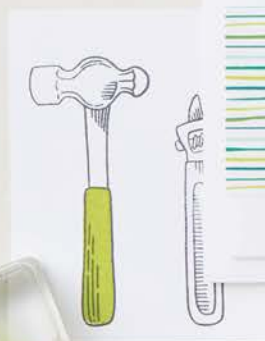

Get more out of your blocks with these techniques.

## Block It

Clean your blocks with Stampin' Mist™ and Stampin' Scrub™.

## Two-Step It

See right through the stamp and block so you get Two-Step images in the correct spot.

## Repeat It

Ink the side of a block, then stamp and repeat for a fun pattern.

Clean your stamps with a durable, portable Simply Shammy.

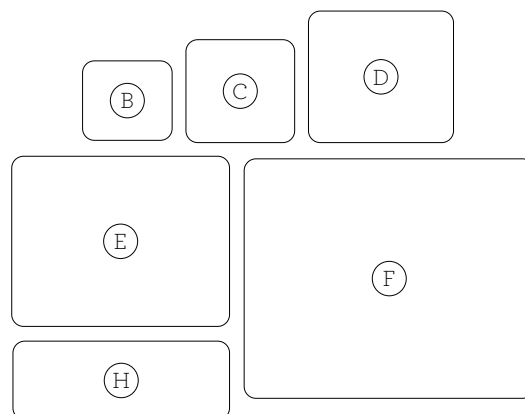

## Bend It

Change an image from straight to curved by bending the stamp as you put it on the block.

## The Choice Is Clear

Transparent stamp blocks let you see right where you're stamping, so you get precise placement every time.

# Think Ink

Good ink is a crafting must-have, and other specialty inks add style to your crafts. But which ink is best? It depends on what you want to do. Find the ink that's right for your project.

Unless otherwise noted, our inks are permanent, acid free, and photo safe.

*This ink is best for*

②

## It's Ir-Resistible

Try the emboss resist technique. Emboss the wreath with white embossing powder, then use the flat brush tip of a Water Painter to brush ink over it. The embossed image resists the ink and makes the image stand out.

①

## Go for the Gold

Create a gold-touched card. Swipe VersaMark ink (p. 131) along the side of a card, sprinkle with gold embossing powder, then blur the edge with your finger and emboss.

③

## Add Some Shimmer

Create your own shimmer paper! Stamp an image, then wash over the entire piece of cardstock with a Wink of Stella™ brush.

## Try Wet or Dry

Use Watercolor Pencils with water or dry for different effects. Use them with water on Watercolor Paper (p. 115) for maximum colour vibrance. Or use them dry on Basic White Cardstock (p. 137) and press harder or softer to make them dark or light.

# Colour Personalities

The colours you choose for your paper crafts can evoke a variety of emotions that impact your recipient. We've listed a few of our favourite colours along with the personalities they represent and some associated feelings. What personality will you show off in your projects?

## Yellow

Yellow is **creative**. It's fun-loving, friendly, and dynamic; it's the life of the party! It's the perfect choice for expressive, inviting crafts.

## Brown

Brown is **comfortable**. Its easy presence gives warm, supportive energy. It's subtle but adds the perfect contrast to a variety of paper crafts.

## Red/Pink

Red is **bold** and pink is **romantic**. These two colours are similar but represent completely different emotions. Looking for something sensitive and charming? Go with pink. Want something with a bit more ambition and power? Red is the colour for you.

## Orange

Orange is **energetic**! It's eager, excited, and optimistic. Create an eye-catching paper craft with bright shades of orange.

## Blue

Blue is **serene**. It's wise, sympathetic, and idealistic. Easily draw and give inspiration from its tranquil shades and tints.

## Purple

Purple is **royal, charismatic, and confident**. It represents luxury and ambition. No matter what shade of purple you use, you are showing strength.

## Black/Gray

Black is **determined** and gray is **modern**. Use black for a sleek, sophisticated card, and use gray for something mature and objective. Or try combining them for something timeless.

## Green

Green is **loyal**. It's fresh, intelligent, and supportive. Create calming paper crafts filled with compassion and honesty.

# We Love Colour!

And we love it even more when making pleasing colour combos takes just one spin. The Color Coach™ helps you make the right colour plays. Let it teach you how to mix, coordinate, and contrast colour so you can achieve your creative goals.

The wheel spins!

Be a colour explorer. What new colour combinations will you try?

## Learn More About Colour Theory

### Monochromatic

Just starting out? Choose one colour that you love and pair it with shades and tints of that same colour. Your colours will always match!

### Complementary

You know what they say—opposites attract! Try pairing colours that are opposite each other on the colour wheel to create a fun, bold contrast.

### Analogous

Choose three colours that are side-by-side on the colour wheel. These colour neighbors work together wonderfully to create harmony and balance.

### Triadic

Craft with colours that are evenly spaced around the colour wheel. Go beyond the primary colours (red, yellow, and blue) for something unexpected!

# Colour Collections
